Notes:

1. If projection is bigger than 579,9cm (20th panel), an additional pillar is required on each side. It is included in the price.
2. For wall installations, 3 cm must be added to the projection size.
3. For ceiling installations, 16 cm must be added to the projection size.
4. Palmiye Aluminium Coating Catalogue includes the standard colours with no extra cost. For any other type/brand/color of paint, price difference and additional delivery duration shall be checked from your customer representative.
5. Support pillar deduction can apply only when supported by wall bracket or steel application.
6. If rain sensor is needed; For single product, a Dry contact transmitter which costs 325€, must be added to the price. For up to 5 products, a RS485 Automation interface Dry contact transmitter which costs 990€ must be added to the price.
7. Water outlets can be optionally given through the steel pillars.
8. The corner pillars can be moved max. 50cm.
9. Hanging models can be made as wall/ceiling connections, cannot be freestanding. The maximum pipe profile length can not be more than 600 cm. A middle hanging pipe will be used only in projection sizes after 450cm.
10. For wall installed products, a wall bracket is required in every 150cm.

Deduction

1. Deduction to short pillar -€46
2. Support pillar deduction cost is -362€

Notes:

1. If projection is bigger than 587,8 cm (32th panel), an additional pillar is required on each side. It is included in the price.
2. For wall installations, 3 cm must be added to the projection size.
3. For ceiling installations, 16 cm must be added to the projection size.
4. Palmiye Aluminium Coating Catalogue includes the standard colours with no extra cost. For any other type/brand/coulor of paint, price difference and additional delivery duration shall be checked from your customer representative.
5. Support pillar deduction can apply only when supported by wall bracket or steel application.
6. If rain sensor is needed; For single product, a Dry contact transmitter which costs 325€, must be added to the price. For up to 5 products, a RS485 Automation interface Dry contact transmitter which costs 990€ must be added to the price.
7. For available sizes please refer to related hanging models.
8. Water outlets can be optionally given through the steel pillars.
9. The corner pillars can be moved max. 50cm.
10. Hanging models can be made as wall/ceiling connections, cannot be freestanding. If projection is in the range of 359 cm – 447cm, a hanging pipe is applied to the front gutter beam of the product. In this case, 2 pipes should be applied in each direction. Additional pipes should be priced from option price. For projections more than 447cm, the maximum projection is determined according to the pipe profile length. The maximum pipe profile length can not be more than 600 cm. A middle hanging pipe will be used only in projection sizes after 450cm.
11. For wall installed products, a wall bracket is required in every 150cm.

Notes:

- For wall installations, 3 cm must be added to the projection size.
- For ceiling installations, 16 cm must be added to the projection size.
- Palmiye Aluminium Coating Catalogue includes the standard colours with no extra cost. For any other type/brand/ color of paint, price difference and additional delivery duration shall be checked from your customer representative.
- Support pillar deduction can apply only when supported by wall bracket or steel application.
- If rain sensor is needed; For single product, a Dry contact transmitter which costs 325€, must be added to the price. For up to 5 products, a RS485 Automation interface Dry contact transmitter which costs 990€ must be added to the price.
- The corner pillars can be moved max. 50cm.
- For available sizes please refer to related hanging models.
- Water outlets can be optionally given through the steel pillars.
- Hanging models can be made as wall/ceiling connections, cannot be freestanding.
- If projection is in the range of 353,9 cm – 441,9cm, a hanging pipe is applied to the front gutter beam of the product. In this case, 2 pipes should be applied in each direction. Additional pipes should be priced from option price. For projections more than 441,9cm, the maximum projection is determined according to the pipe profile length. The maximum pipe profile length can not be more than 600 cm. A middle hanging pipe will be used only in projection sizes after 450cm.
- For wall installed products, a wall bracket is required in every 150cm.

Deduction

- Deduction to short pillar - €46
